

## Community Mental Health Centers

The Community Mental Health Centers (CMHCs) are located in 10 regions of New Hampshire. They are private not-for-profit agencies that have contracted with the NH Department of Health and Human Services, Bureau of Behavioral Health (BBH), to provide publicly funded mental health services to individuals and families who meet certain criteria for services.

Services provided by CMHCs include: 24-hour Emergency Services, Assessment and Evaluation, Individual and Group Therapy, Case Management, Community Based Rehabilitation Services, Psychiatric Services, and Community Disaster Mental Health Support. All CMHCs have specialized programs for older adults, children, and families. The Community Mental Health Centers also provide services and referrals for short-term counseling and support.
